

Thank you for purchasing Toolkits for Unity Bundle 2025

This is a bundle package meaning it does not contain any content directly but by owning this package you now have access to the following assets for Free on the Unity Asset Store

- [Toolkit for Steamworks 2025](#)
- [Toolkit for Steamworks Legacy](#)
- [Toolkit for Unity Physics 2025](#)
- [Toolkit for UI & UX 2025](#)

In addition, Unity Physics and UI & UX are “complete” packages containing many tools, you will also have access to the modules they contain for free such as Ballistics, Verlet, On Screen Keyboard, etc.

If you have any questions or concerns please contact us on the [Heathen Discord](#)
